NEW

- * ACCESSORY FOR 2 CHANNEL INTERCOM WIRING INSTALLATIONS WHEN USING 5 PIN WIRING.
- * COMBINES TWO 3 PIN WIRES INTO ONE 5 PIN WIRING
- * SPLITS ONE 5 PIN WIRE INTO TWO 3 PIN WIRING
- * EXTENSION [LINK] CONNECTORS PER CHANNEL
- * POWER LED INDICATOR PER CHANNEL

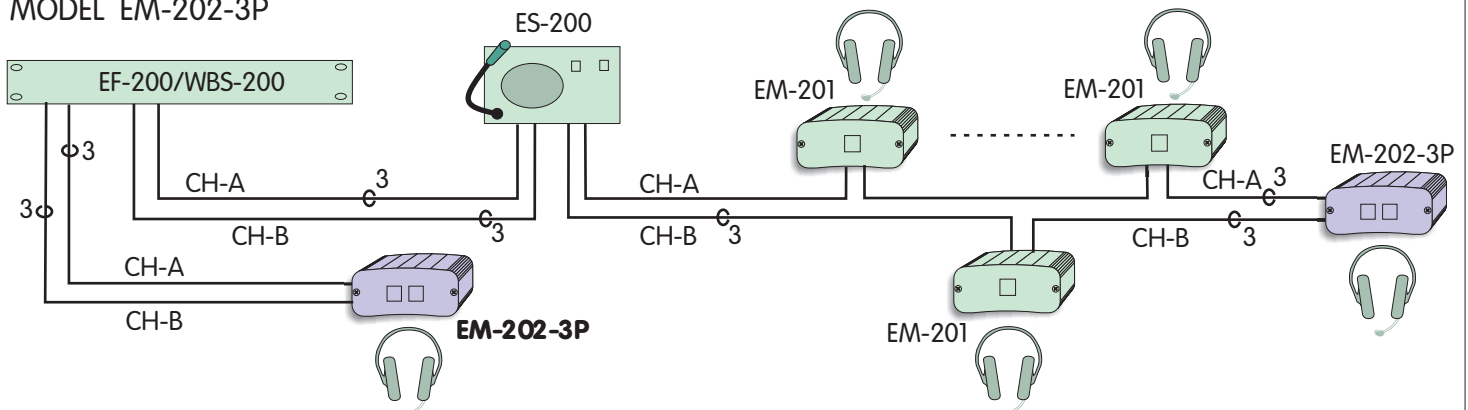

MIXED 3 WIRE/5 WIRE INSTALLATION

MODEL EM-202-5P and 5P3-202

3 WIRE (Mic Cable) INSTALLATION

MODEL EM-202-3P

NOTE: Dual channel EM-202-3P, (3 PIN version), has not link (extension) connectors so it can only be connected at the line ends, or by using custom made "Y" adaptors. However it is ready for standard 3 pin wiring installations, avoiding 5 pin surprises.
