**Flat panel telescopic lift system slim version,  
max. screen size 42 inch.**

With the touch of a button your flat panel is lifted from your furniture to be revealed.

The rigid but neat designed telescopic lift systems provides a reliable and attractive lifting solution.

The small and typical design of the lift enhances the visual set and does not distract your attention to let you enjoy your flat panel.

Mounting materials and panel hinges are included. Equipped with a mounting platform for VESA 75, 100 and 200 flat panels. Otherwise, the lifts can be offered to be combined with an Audipack L&S flat panel bracket.

- ▲ **For screens up to 42 inch**
- ▲ **Models available for larger screen sizes**
- ▲ **Silent drive**
- ▲ **Easy installation**
