

Back plate video wall basic system 1000 mm

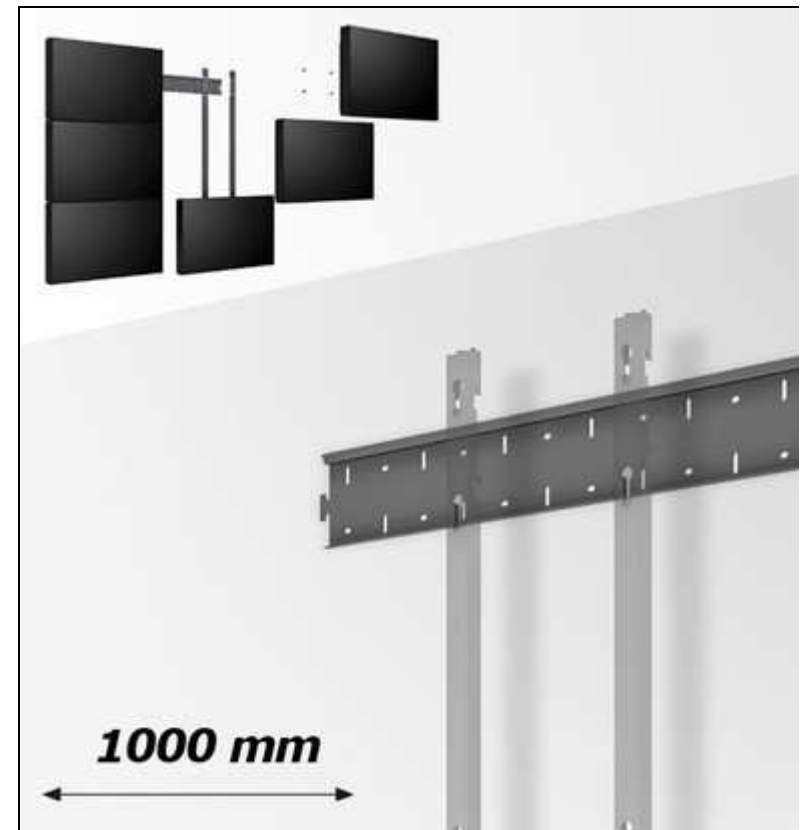

Ref.: VWM-BPH-1000

Wall mounting plate, length 1000 mm suitable for the MA mounting arms.

With the wall mounting plate a videowall is easily created. By simply installing and combining multiple wall plates any shape and size of videowall can be installed. By using the single, double or tripple "MA" mounting arms, flat panels are easily installed and configured in any position.

Easy installation

Rigid wall plate with multiple wall mounting points

Video wall easy access system
