

HS-2850

HD/SD 12 Channel Portable Video Studio

The HS-2850 is a cost-effective, 8-channel, 10-bit 1920 x 1080i broadcast-quality mobile hand carry switcher. Featuring 8 digital inputs, it is designed for live events and TV programs that need to blend a variety of video and audio sources. HS-2850 is lightweight, portable, and powerful, with features perfect for mobile switching.

As a complete AV package, the HS-2850 HD mobile studio enables users to switch seamlessly between video and audio sources and blend high-quality digital content on the fly.

Advanced features include a 17.3-inch video monitor which displays multiple sources, as well as preview and program.

The system is equipped with an eight-way intercom system and is supplied with four belt packs for effective communication between the whole production crew.

The HS-2850 is ideal for TV and video professionals working in outside broadcast or temporary video studios, such as theatres or conference centers. The HS-2850 is also a great value solution for the worship, education, and AV markets.
