DESCRIPTION

In the production studio, good communication between the director, cameraman, lighting and control room is essential to produce a polished end result.

The Datavideo ITC-100 Intercom System provides 8-Way talkback and tally indicators. The director can select to talk to an individual channel or to all channels simultaneously. High S/N ratio and full duplex design makes the communication crisp and clear.

The ITC-100 is a standard 19"/1U rack design, so it is easy to integrate into any rack system for using in the field or studio.

FEATURES

- Industry Standard 19"/1U rack design, for easy integration
- Supports 8-Way Intercom (standard package includes 4 sets of ITC-100SL with belt-pack accessories)
- Full Duplex design with additional external earphone and microphone interface
- Two-color Tally light indicator
- Selectable channel talk, broadcast all or mute.
- Half-Duplex design for ITC-100SL to eliminate the environmental noise
- Enables communication between the camera crew
- Communication distance up to 200 meters
- Supplied complete with Gooseneck Microphone and Light
