Instructions installing and using your french flag

insert picture 1

1   Using a sharp thin implement (awl or cross-head screwdriver), pierce through the two circular membranes on the top of your matte box *(insert picture 1 (a))*.

2   Remove the two black *Spindle to Matte Box Screws* (6) from the French flag.

3   Slide the two *Spindle Hinges* (b) onto the lip of the matte box and align the two sets of holes to the holes you have just made in the matte box.

4   Replace the two black *Spindle to Matte Box Screws* (6) to secure the French flag to the matte box.

5   To use, loosen the tension on the *Spindle Hinge* by turning the *Lock Knob* (c) and lift the flag to the desired angle (d). Tighten the *Lock Knob* to hold the *Flag* in place (e) .

6   To remove the *Flag* from the *Flag Spindle*, simply loosen the two *Spindle Screws* to slide the *Flag* off (f) .
