

GWMC

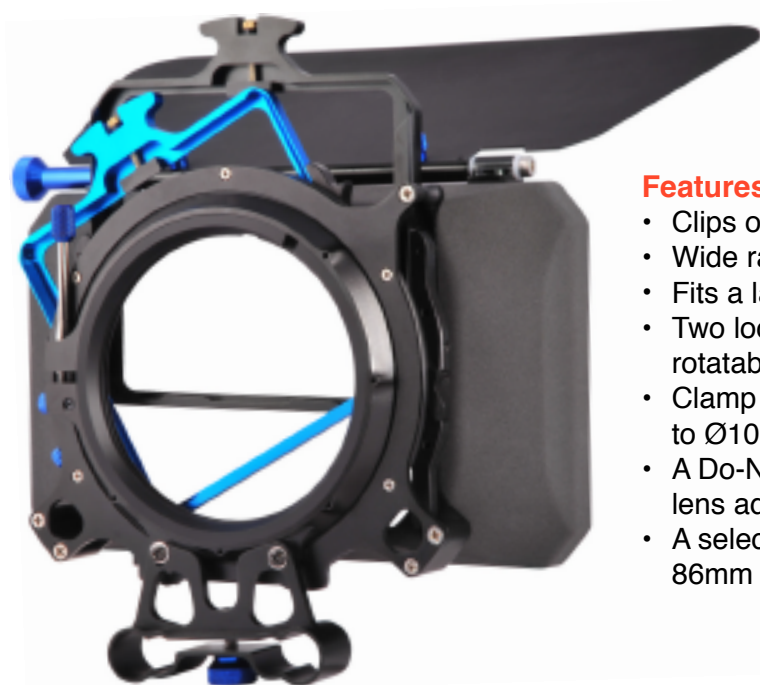

Wide Angle Matte Box

Light weight and compact, the GWMC holds two 4" x 4" filters securely; one of which is fully rotatable for graduating filters. Complete with your specified adaptor ring to fit your lens, the GWMC Wide Angle Matte Box is your perfect companion to take with you on your next location shoot.

"The Genus [Matte Box] is an ingenious and affordable design which outshoots more cumbersome and much more expensive brands."

Patrick Brown
Independent TV Documentary Maker

GENIUS

Features

- Clips on to your lens and fastens with ease
- Wide rayshade to accommodate wide-angle lenses
- Fits a large range of lenses, both standard and wide
- Two lockable filter holders; one fixed and one 360° rotatable
- Clamp ring caters for lenses and wide angle adaptors up to Ø105mm
- A Do-Nut adaptor ring ensures a snug fit between the lens adaptor ring and the clamp ring of the matte box.
- A selection of screw-in adaptor rings to fit 58mm to 86mm lenses are available
