

DUO-C150

PRODUCT DESCRIPTION

The DUO-C150 is the ideal compact battery solution for digital cinema cameras and camera stabilizer systems where long runtimes are required. With 143Wh capacity, the DUO-C150 meets the passenger aircraft carry-on limit and can still provide mobile power to cine-style cameras such as the ARRI ALEXA Mini and RED Weapon effortlessly for extended periods at a time. The DUO-C150 also includes two on-battery D-Taps and USB outputs to power accessories such as monitors, lights, wireless receivers, tablets, phones and more!

FEATURES

PRODUCT FEATURES

- 143Wh capacity
- Meets passenger aircraft travel regulations
- Capable of handling up to 14A loads ‡
- (1) 80W D-Tap Advanced Output (unregulated) – D-Tap Output with the added ability to charge battery using low-cost D-Tap Charger (VL-DT1)

- (1) 80W D-Tap Output (unregulated)
- (1) 5.0V USB output (auto shut off after 30 minutes of inactivity)
- 5 Power Indicator LEDs (displaying 10% increments)
- Battery circuit protection ensures the DUO-C150 is fully protected against common causes of battery misuse, guarding against over charge, over discharge, over current and exposure to high temperatures
- The highest grade Lithium Ion cells are used to ensure the DUO-C150 is one of the most reliable batteries on the market
- 11V auto cut-off prevents over-discharging (while load is applied)
- Fully compatible with all ENDURA V-Mount Battery chargers and accessories
- Environmentally friendly and recyclable
