

PRODUCT DESCRIPTION

The DUO-C190 is the ideal compact battery solution for digital cinema cameras and camera stabilizer systems where long runtimes are required. With its ultra-robust 185Wh capacity and compact 2.3lb design, the DUO-C190 can provide mobile power to cine-style cameras such as the ARRI ALEXA Mini and RED Weapon effortlessly for extended periods at a time. The DUO-C190 also includes two on-battery D-Taps and USB outputs to power accessories such as monitors, lights, wireless receivers, tablets, phones and more!

PRODUCT FEATURES

- 185Wh capacity
- The worlds most compact 185Wh Lithium Ion battery (2.3lbs in weight & 2.32 inches in depth)
- Capable of handling up to 11A/120W loads
- (1) 50W D-Tap Advanced Output (unregulated) – D-Tap Output with the added ability to charge battery using low-cost D-Tap Charger (coming soon from IDX)
- (1) 50W D-Tap Output (unregulated)
- (1) 5V USB output (auto shut off after 30 minutes of inactivity)
- 4 Power Indicator LEDs
- Battery circuit protection ensures the DUO-C190 is fully protected against common causes of battery misuse, guarding against over charge, over

discharge, over current and exposure to high temperatures

- The highest grade Lithium Ion cells are used to ensure the DUO-C190 is one of the most reliable batteries on the market
- 12V auto cut-off prevents over-discharging (while load is applied)
- Fully compatible with all ENDURA V-Mount Battery chargers and accessories
- Environmentally friendly and recyclable
