

ET-PV2UR

V-Mount Adaptor for Blackmagic URSA Camera

IDX continues to expand its V-Mount power solutions by developing a battery plate for the Blackmagic URSA camera, the [ET-PV2UR](#). Tested and approved by Blackmagic Design, the ET-PV2UR mounts directly to the URSA, providing a seamless look and proper power connectivity. In addition, ET-PV2UR's built-in D-Tap (unregulated) allows ancillary accessories to be powered directly off the plate.

In consideration of URSA's high power draw, IDX recommends the following IDX ENDURA batteries: ELITE, E-HL9, E-HL9S, DUO-150, CUE-D150, and E-HL10DS.

Endura
SYSTEM

ET-PV2UR Features:

- **Direct mount** to Blackmagic URSA
- **Seamless look** and proper power connectivity
- **D-Tap (unregulated)** provides power to ancillary accessories (50W max)
- **Compatible** with all IDX ENDURA High-load capable batteries

Technical Specification

D-Tap Output Voltage:

12~17V DC

Max. D-Tap Output:

50W

Dimensions:

3.25(W) x 5.59(H) x 0.47(D) inches

82.5(W) x 142(H) x 12(D) mm

Weight:

0.37 lbs. approx.

170g approx.

Included Accessories:

M3 (8mm) screw x 4
