

KST-UE70/HE40

Outdoor Housing

Modular Outdoor Housing for Panasonic PTZ Cameras

The KST-UE70/HE40 is an outdoor housing made by KST Moschkau, designed exclusively for Panasonic PTZ cameras.

With a modular design, the KST-UE70/HE40 can be used for Panasonic AW-UE70 and AW-HE40 camera series (black models).

The outdoor housing holds the camera, lens and pan/tilt mechanism clean and dry, and it is including heating and ventilation systems, supporting a temperature range from -20°C to +40°C.

Product Details

- Protection Class IP 64 Standard
- Temperature Range between -20°C and +40°C
- Active Heating and Ventilation
- Air inlet and outlet protected by dust -and insect- filter

System Housings Main Versions

System-Housing ready equipped with DBH06 wall mount

System-Housing ready equipped with DBH07 ceiling mount

Mounting Adapters

KST-DBH06

Standard-Wallmount

The wall mount is made of aluminum and serves as a basis for the special mounting adapters shown below. The connecting cables of the camera system are hidden and protected inside the arm brought to the mounting wall.

Load capacity:
< 25kg

KST-DBHWGC

Pole-Mount-Adapter

The pole mount adapter is combined with the wall bracket KST-DBH06. It allows the installation of the system to poles with diameters of 210mm to 225mm.

Load capacity:
< 25kg
