

AC-3

The Assistant Camera Pouch is designed for 1st and 2nd ACs who need rapid access to various tools. It is offered in blue or black, with a shoulder strap or a belt.

Roomy, Customizable Interior

The interior of the case is large enough to store an insert slate, camera log, lens tissue, lens cleaner, lens caps, filters and other various camera accessories. There is a deployable divider for separating small and large items along with elastic loops for holding extra sharpies, pens, pencils and other accessories.

Inside Lid

The inside lid of the case has three elastic pockets for CF cards and a strip of loop for attaching filter tags.

Exterior Pockets

The exterior of the pouch has 3 slip pockets that can hold dry-erase markers, sharpies, pens and pencils. There are also 2 medium sized pockets and 2 large pockets to hold a mini mag light, leatherman, small screw drivers, lens pens or other various tools. Also on the exterior of the case are two elastic pockets for canned air and a closed top tape measure pocket.

Shoulder Strap or Belt

The AC pouch comes with a shoulder strap so the pouch can quickly be slung over your shoulder or removed quickly or a 2 inch utility belt. A "D" ring for attaching a tape leash is included.

Strip Light Included

The case comes with a build in strip light. The light has a constant or blink function and takes to AA batteries and can run continuously for over 24 hours. The light can also be flipped up to shine light outside of the case if need be.

Accessories Not Included, For Illustrative Purposes Only
