- Easy clean, no-slip bottom
- **HOLDS GEAR NEATLY IN PLACE**
- Lightweight

TESTIMONIAL

"The Nepalese and Tibetan porters prefer to carry the Porta-Brace Run Bags with the shoulder strap either across their foreheads or across their chests." -IF

DESCRIPTION

UN-ZIP and REVERSE the end panels on the AUDIO ORGANIZER to place the cable exit boots where you need them, keeping the mixer either far away or close to your body. The top can be hinged close, farther away or completely removed and stored in the outside, bottom slip pocket. The padded, dividable, large front pocket has cable routes punched through the frame to route cables into the main compartment for wireless receivers. The front pocket edge can un-hook to allow duel mic antenna to protrude. The back pocket close to you can store a QSA-4 rain cover, or other gear. Keep the bottom clean with the easy wipe-clean, no-slip bottom. Several special side pockets for receivers, stick mics and power supplies are available. **We only ship to North American addresses.**
