

# BP-3

## DIMENSIONS

Weight: 2.1 lb / 0.95 kg

## DESCRIPTION

The BP-3 is the slightly larger version of the original BP-2. The smallest pouch is reinforced with an "L" bracket to support large batteries and has two closures. One Velcro (hook & loop fastener) for an instant battery change and the second is a zipper for "end of the day" storage. The slip pockets outside are for pens, lens tissue, 9V battery and other things demanding quick access. The large pouch will hold all kinds of tapes, microphones, mic stands, wide angle lens adapters and more. The special belt holds pouches firmly in place and the 2" quick release buckle goes on in a flash. "D" ring loops are provided for holding gaffer tape, multi tool, cable, transmitter cube case and more.

## EQUIPMENT COVERED

## CUSTOM

## PRODUCT BENEFITS

- Customizable solution
- Durable, 1000-denier Cordura
- Engineered for professionals
- Lightweight
- Superior performance through simplicity of design

## TESTIMONIAL

*"Thanks for making a great series of products." -MM*
