

# CBA-HPX300

## DIMENSIONS

Weight: 1.5 lb / 0.68 kg

## DESCRIPTION

The Camera BodyArmor Camera Case might be thought of as a Shoulder Case with a very soft feel to it and a reversible Rain/Dust Top. The soft feel against the face is appreciated by the camera operator. The reversible top is white (reflective) on one side for hot, dry, sunny situations while the black side is useful to absorb the sun's warmth under cold conditions. The Camera BodyArmor has the same attention to details the traditional Shoulder Case enjoyed by camera owners for the past 20 years. Check out the promotional video to learn more and to see our Camera BodyArmor in action.

## EQUIPMENT COVERED
