DESCRIPTION

The Camera BodyArmor Mini Camera Case fits the AG-HVX200 beautifully and includes a simple RAIN/DUST cover in a convenient slip pocket. All the important functions are accessible through the padded Armor Body. Use it on or off the tripod. It has a clever WEBBING TAB that fastens to the slot on the lens cap. The Body Armor is soft to the touch but highly abrasive resistant. The interior side of the fabric has a mesh finish to improve air flow around the camera. It helps keep the resale value high and the repair costs low.
