The CC-FS7 Quick-Draw Camera Case provides a convenient way to carry and protect your Sony PXW-FS7 on the ground, in your car and in the air. This padded 1000 denier Cordura nylon case has an internal plastic frame and a redesigned viewfinder guard for 100% protection and security. The top loading case has a removable lid that closes with touch fasteners for quick opening or it can be secured with zippers.

The case holds a camcorder with an on-board battery and most wireless configurations attached. The flared-wall design accommodates matte-boxes and large lenses so time is saved by not having to take these items off each time the camcorder is placed in the case. For extra long lenses there's even a zippered *Camera-Extension Pocket* on the side of the case that, when deployed, adds up to 3.0" to the interior length of the case.

There is a positionable foam block to hold the camera in place and provide lens support. The anti-skid material on the bottom exterior of the case will keep it from sliding around in a vehicle and the same material on the interior base will give extra stability to the camcorder.

Double layer of water-resistant urethane-coated 1000 denier Cordura nylon, fully padded case

Anti-skid material on base (inside and out)

Rigid, reinforced core resists crushing and puncturing

Removable lid closes with touch fasteners for quick opening or secures with zippers

Top loading design lets ready-to-use camera slide out quickly

Flared-wall design for matte boxes and long lenses

Holds camcorder with on-board battery attached

Fits in trunk or on car seat and fastens securely using the seat belt and Quick-Draw seat belt loops

Redesigned viewfinder guard for extra protection

Pockets

- Two large pockets allow compact transportation of tapes, cables, batteries, tripod plates, etc.
- Dual purpose rear pouch expands the main compartment 3.0" and it can be converted into a utility pouch by closing the barn door flaps

Carrying options

- Heavy duty, removable, adjustable, shoulder strap with shoulder pad
- Comfortable leather hand grip
