- Increased interior padding and cushioning
- Light strip pocket included for working at night
- Lightweight alternative materials
- No-charge illumination & reflective logos

TESTIMONIAL

"We had 3 Panasonic WV-F700 cameras, all in identical Quickdraw cases, get backed over by a van. Amazingly (if you had seen the cases) only the camera directly under the wheel was damaged." -BL

DESCRIPTION

QUICK-DRAW Camera Case is a great solution for working around town and out of a van or car trunk. The top zips off neatly out of the way for unobstructed access to your camera. The exterior has 2 slip pockets and a seat belt loop to keep it on the seat in a sudden stop. The lid is removable if you want to set the case up to be stationary for working quickly out of the back of a news van. There are 2 foam-padded pockets for matte box, tripod plate, battery, cable or other essential items. A black leather hand grip, adjusts to find optimal center of gravity. There's also a heavy-duty suede shoulder-strap. The front on this model, is 8 1/2" wider to accommodate many matte boxes and wide sun shades. The extra length is for the broadcast cameras with long lenses (up to 30X-42X ENG style) or a range of accessories on the back. This case includes: 2 Red Foam Stuffer Blocks, White Balance Card, (11.61W) Strip Light, Adjustable Leather Handle Strap, HR-40 Shoulder Strap
