- Dirt and skid resistant "slip-not" bottom panel for superior impact cushioning
- Increased interior padding and cushioning
- Lightweight alternative materials
- No-charge illumination & reflective logos

TESTIMONIAL

"Just wanted to thank you for an excellent product." -MM

DESCRIPTION

The CC-HD1V is the "van version". It stays in the van and never comes out. It was originally requested as a custom order for a Television News Station for their vans and car trunks. The case uses the same tough frame as the CC-HD1 Quick Draw Camera Case but without the top lid, no exterior pockets, no shoulder strap or leather handle. It provides a home for the camera without being crowded by other gear. The interior has the same basic detailing. Fabric covered foam blocks and padded pocket to stabilize the camera.

Please note, all purchases from Portabrace Direct are for US ship-to addresses only.
