Our Compact HD Camera Cases protect your Sony PXW-X70 camera and organize the essential spare battery, tape, microphones and Quick-Slick rain cover. The bottom panel is reinforced with 8mm hollow-core plastic and a layer of non-skid material, which adds an extra layer of protection against water, dirt and grime with an easy wipe-off surface.

The body of the case is constructed of 1-inch thick foam and 1000-denier Cordura Nylon with a polyurethane water-resistant coating. There is half a camera cradle inside to secure the camera during transport. A comfortable non-slip shoulder strap is included.
