EQUIPMENT COVERED

RED RED Camera

DESCRIPTION

The new DVO-4RED carrying case from Porta-Brace is feature-rich and customized for carrying compact RED cameras setups. An expandable viewfinder guard, removable 17" monitor / laptop protective pouch, camera rail cinches, padded blocks and pouches allow you to keep much of your RED camera in tact inside the case. Camera body, rails (up to 24"), viewfinder, and some lenses can be kept on the camera while inside the case.

Rail-cinches at the bottom of the case hold the camera setup in place while the padded rigid case walls protect against bumps and bangs. The expandable, padded viewfinder pocket allows many viewfinders to remain on the camera during transport. Please note, all purchases from Porta-Brace Direct are for US ship-to addresses only.

CUSTOM

PRODUCT BENEFITS

- Camera-rail cinch holds RED camera setup in place
- Customizable interior
- Durable materials like 1000-denier Cordura and genuine suede leather
- Expandable viewfinder pocket
- Sturdy, telescopic handle and off-road wheels

TESTIMONIAL

"I shoot pictures of Kilauea Volcano for a living! I've melted a number of pairs of tennis shoes, warped plastic pieces of equipment, burned my hair and singed my skin. But my Porta-Brace cases have never failed!" -MM
