The DCO-3ROR has a special design that widens towards the front of the case in order to fit a compact DSLR camera assembled with a matte box and follow focus. The DCO-3ROR Camera Case has a padded, hollow-core rigid frame that provides maximum protection for your equipment while remaining lightweight. The DCO-3ROR has smooth-rolling, off-road wheels with ball-bearings and solid steel axels for added strength. The wheels are also removable to help prevent damage during air-travel. The case exterior is constructed using durable Cordura material (1000-denier). The DCO-3ROR has soft suede-leather carrying handles and a comfortable heavy-duty suede shoulder strap.

There are 12 pockets to store plenty of accessories including a removable laptop pouch and removable lid pouch. A Heavy-duty, suede leather shoulder strap is also included.
