

# MX-24 MINI

## DIMENSIONS

Weight: 0.6 lb / 0.27 kg

## DESCRIPTION

This is the smallest, most compact of the 2 Porta-Brace cases available for the MIX-PRE and FP24 mixers. Carry it over the shoulder using the suede leather strap or wear it on your belt or the optional Porta-Brace VB-10 or BP-2B. The pocket is large enough for small wireless mics (eg. Sennheiser and Azden). The cases are padded and custom fit, providing access to switches, cables, batteries, and other important controls while protecting the gear from rain, snow, dust and other damaging forces. (Unlike the MX-24, this case does not attach to the Porta-Brace Audio case.)
