 Exterior:
 4.5" x 9" x 8"
 11.43cm x 22.86cm x 20.32cm

EQUIPMENT COVERED

Shure FP24
 Sound Devices Mix Pre

DESCRIPTION

This is the larger of the 2 Mixer Cases available for the MIX-PRE and FP24 mixers. Under the mixer area is a battery area for powering the mixer with a NP1 type battery with many of the popular NP-1 (or similar sized) battery brackets. (When you install the mixer, be sure to use the adhesive-backed Velcro inside the case for proper fitting). The cases are padded and custom fit, providing access to switches, cables, batteries, and other important controls while protecting the gear from rain, snow, dust and other damaging forces. Carry it over the shoulder using the suede leather strap or wear it on your belt with an optional Portabrace VB-10 or BP-2B. The 2 pockets are large enough for small wireless mics (eg. Sennheiser and Azden). Video: Choosing an Audio Harness For Your Audio Mixer Case/

CUSTOM

PRODUCT BENEFITS

- Customizable solution
- Durable, 1000-denier Cordura
- Engineered for professionals
- Lightweight
- Superior performance through simplicity of design

TESTIMONIAL

"The whole inside of my van is Porta-Brace-blue!" -DK
