

# PB-1650DK0

## DIMENSIONS

## DESCRIPTION

Portabrace LongLife Interiors are now available for Pelican hard cases. This premium interior upgrade offers Pelican case owners both adjustability and unsurpassed long-life protection for their equipment. The LongLife Divider Kit has 1-inch thick padded interior walls and padded, rigid divider panels that separate and protect equipment. Bendable, padded dividers and a plush pillow system complete the interior package and help form the custom protective environment. There is a padded laptop pocket in the lid. All of the dividers attach to the case wall securely with Velcro and can be removed and attached again and again according to your current setup requirements. This configuration capability not only provides custom protection for your equipment but it saves you money over time by eliminating the need for multiple foam interiors to accommodate changing equipment setups. This system includes: padded

## EQUIPMENT COVERED

Pelican 1620 Hardcase
