The PB-2300F Hard Case with foam interior is a watertight, high-performance hard resin case for video, audio, and photographic equipment transportation and protection. It is watertight and airtight with a pressure relief valve, easy to operate latches, and a comfortable hand grip. The patented resin material is lighter than many comparable brands, which helps reduce fatigue and shipping costs. The PB-2300F is constructed with a high-performance hard-resin

material reinforced at the corners. The PB-2300F is ideal for GoPro or other action cams, audio, and photographic equipment.

Certifications

- -ATA (Air Transport Association) 300 rated
- -IP67 Military specification for protection against dust and against the effect of immersion between 15cm and 1.0 m
