- Reconfigure Dividers As Equipment Needs Change
- Unbreakable resin body-construction
- Veltex-Covered Foam Lining

TESTIMONIAL

"I can tell you we swear by (and never at) these wonderful cases." -BL

DESCRIPTION

The Portabrace PB-2600DK is a watertight case with one inch thick foam padded interior walls to protect and cushion your gear while being transported. There is also a padded zipper pocket inside the lid of the case. The case is made of unbreakable, TTX01 high-strength plastic resin for video, audio, and photographic equipment transportation and protection. It is carried by super-soft rigid grip handles for field comfort. Ridged plastic dividers help you organize your equipment. Watch an Instructional Divider Kit Video. Soft pouches and pillows add a high degree of protection in a compact organized manner, saving you shipping costs.
