 Exterior:  
 26.5" x 12" x 11"  
 67.31cm x 30.48cm x 27.94cm

## DESCRIPTION

The New RUN BAG "Kodiak" uses bio degradable heat-packs to keep batteries, tapes, etc. working properly. Tyvek-lined and insulated with a high-loft poly-fill for superior heat retention and temperature maintenance. Includes 4 air-activated heat packs. The main compartment is foam padded with a padded rigid bottom. Two dividers span the 7" width with a 12" divider in between (with zippered slip pocket), providing a useful array of subdivisions. A suede shoulder strap is included. The bottom of the case now has a new bottom layer of Anti-Skid Slip-Not and water barrier fabric with an easy wipe clean surface has been added.

## EQUIPMENT COVERED
