The black RIG-3SRK Large RIG Camera Case and Interior Kit from Porta Brace is designed for to carry a complete camera rig setup with minimal or no disassembly. This large and extremely flexible case is durable and complete with accessory items that will assure your gear is held safely and comfortably in place. You'll arrive at your venue knowing everything you need is packed, organized and accessible. The case is made from rugged 1000 denier Cordura and features 1" thick padding surrounding a hollow-core plastic frame. The bottom is bolstered by a layer of waterproof rubber to assist with ground protection. It's carried by its two top suede leather carry handles or removable suede leather shoulder strap.

The main compartment is accessed via strong YKK zippers and a touch fastened front flap. The compartment is empty and can be configured to meet your needs using Porta Brace's included 7 x 13" divider, Camera Tie-down Cinch and Camera Support Block (foam block). The case also comes with two padded lens cups and a handy white balance card. Two large accessory side pockets are accompanied by a front slip pocket for various quick need items.
