

# RMB-195

## DIMENSIONS

Weight: 0.1 lb / 0.05 kg  
 Exterior:  
 1" x 2" x 5"  
 2.54cm x 5.08cm x 12.7cm

## DESCRIPTION

The Radio Mike Bouncer (RMB-195) could just be the item that saves the day. On the end of a boom pole, the delicate switches can get dragged along a rough sidewalk especially after holding your arms up all day long. We extended the cover 1"(25mm) beyond the transmitter to protect switches and to act as a shock absorber. If the connection is not snapped in place it can "torpedo" out of the grasp of a hand held microphone. And with the belt clip and "D" ring details added you can fasten it securely using a carabineer or PS-6 Piggin' String. <A HREF="javascript:void(0)" onclick="window.open('http://www.portabrace.com/uploads/RMB.html')"> Watch Radio Mic Bouncer Video</A>

## EQUIPMENT COVERED

Lectrosonics 185  
 Lectrosonics 195  
 Sony WRT-808
