PRODUCT BENEFITS

- Customizable solution
- Durable, 1000-denier Cordura
- Engineered for professionals
- Lightweight
- Superior performance through simplicity of design

TESTIMONIAL

"Lightweight and tough, they never failed us." -DF

DESCRIPTION

The Quick Tripod / Light Case features a top opening system that hinges wide for fast loading and removal of Tripods or 2-3 Light set-ups. Light heads and stands can remain assembled within the case allowing for quick set-up and use. A series of interior reinforcing bars keeps the case ridged while the slim-line design makes this case light and user friendly. Interior and exterior slip and zippered pockets carry all kinds of accessories and one large bellows pocket can carry light stands or other larger items. The XT cases are deeper than the standard TLQ series allowing a larger array of equipment. Zip the case up or just use carry handles to close the top and carry. Padded shoulder strap included. Please note, all purchases from Portabrace Direct are for US ship-to addresses only.
