# Robo Teleprompter

The Only System For Robotic Cameras

LARGE FIXED SCREEN

RoboPrompter has a wide format 24" beamsplitter to allow for maximum left to right movement. This wide format screen makes RoboPrompter ideal for PTZ cameras being used in studios, board rooms and conference rooms. The matching wide-format reversing monitor allows for perfect eye-to-eye contact when used for tele-presence, tele-conferencing and standard presentations and prompting. No other solution offers the same eye-to-eye contact for the most convincing communication.
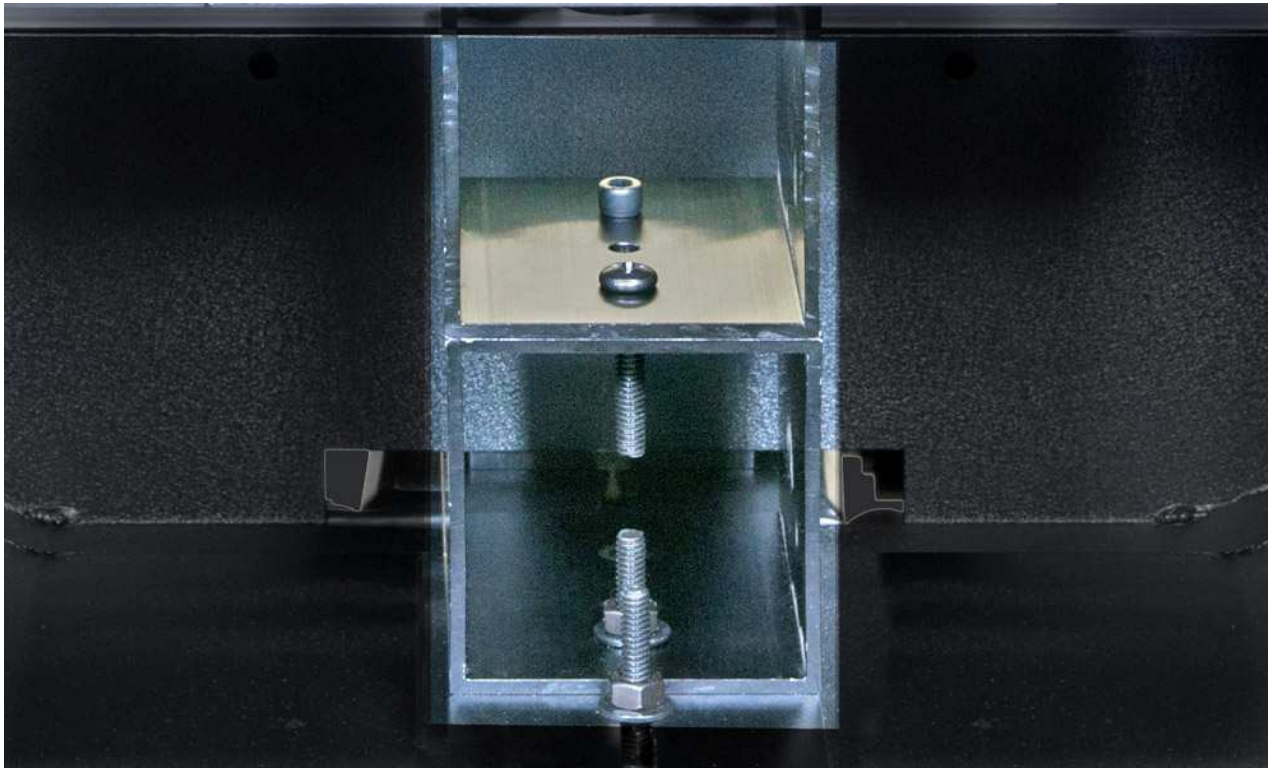

FULLY ENCLOSED SYSTEM

RoboPrompter fully encloses todays most popular PTZ cameras like the Vaddio, Sony BRC and Panasonic HE series. The robust yet light-weight enclosure protects the camera at the same time insuring there are no spurious reflections from behind the camera.

VARIOUS CONNECTION TYPES

RoboPrompter's wide format reversing monitor perfectly displays any image on the 24" beamsplitter. HDMI, VGA and composite inputs are supported and SD and SDI-HD are supported via optional converters (not included).

VARIABLE HEIGHT ADJUSTMENT

RoboPrompter's durable riser system safely supports your PTZ camera and comes with adjustable risers to place the camera in the ideal spot behind the glass. The durable 6601 aluminum construction assures years of use and a minimum of vibration from camera movement.

PTZ CAMERA MOUNTING

The RoboPrompter was designed for today's self-contained robotic cameras such as the Panasonic AW-HE120 and Sony BRC series. The RoboPrompter completely encloses the robotic camera for unhindered camera movement while providing easy access to camera controls. The 22" 16:9 LED LCD offers VGA, HDMI and composite inputs with optional SDI. The RoboPrompter's wide mirror frame allows wide panning of the camera for both standard teleprompting use as well as PowerPoint prompting applications and tele-presence using Skype or VOIP. Provides a perfect eyeline from presenter to remote viewer, perfect for remote studios, boardrooms and remote education. Please contact us for pricing, reseller and integrator pricing is available.
