CEILING and WALL-MOUNTED SPEAKERS

6W adjustুութոts

Developed to complement spot

ACTIVE

"Spot Design" built-in speakers with built-in 100 V transformer

Description

These attractive "spot design" built-in speakers adapt very well to the common halogen lighting systems and, thanks to the 2.5" broadband speaker, surprise with an excellent sound, making them suitable for both speech and background music.

This means that this new loudspeaker can be used wherever functionality, a special design and small dimensions are required.

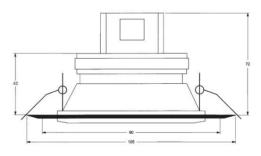

Please note the following features:

- Both the frame and the grille are made of metal and are available in 2 colours (white and black), which makes the possible uses very versatile, also from a design and architectural point of view.
- The extremely simple installation method with 2 metal springs adapts to all common ceiling and wall thicknesses.
- The transformer is suitable for 100V connection and can be adjusted with 6 W, 4 W or 2 W power.
- Of course, the built-in loudspeaker can also be adapted to low impedance (8 ohms, 6 W), whereby the connection is made directly to the chassis. If you would like a special production with 20 cm wire and connection terminal, please contact us.

The view from above shows the simple and time-saving assembly using 2 metal springs.

- Of course, as with all our loudspeaker types, a special paint finish is also possible on request.
- The loudspeaker is also available in a "DAMP ROOM VERSION", with a specially prepared chassis and transformer. If you require this, simply order the "FI-100" option.

The hole cutout required for mounting should have a diameter of 90 mm +/- 3 mm.

Technical data	CSL-106W/B
Nominal load capacity (program power) 6 W (1	qw)
adjustments at 100V	6 – 4 – 2 W
frequency range (±10dB)	110 – 20,000 Hz
sound pressure at 1W/1m	87 dB
sound pressure SPL Pmax/1m	95 dB @0.3kHz
Beam angle (-6dB) 1/4/8 kHz	180°/ 100°/ 180°
Speaker Ø (mm) and impedance 64/8 Ohm	
External dimensions Ø, installation depth (max.)	105 x 72 mm
Weight (g), Colors	500 g, white, black, gold, silver
