

PB-730W

Pro-Sound Speaker, 80/30 W, 100 V, 2-Way-System, white

Description

Description

These professional cabinet speakers, series PB-720 and PB-730 are perfect for sophisticated PA systems. Excellent speech and music reproduction are achieved. These speakers have a 2-way system, a full range woofer and a dome tweeter which are fitted into a professionally

created case ensuring perfect acoustics.

Features

- The trapeze form allows mounting in various angles and corners. Little feet on the case bottom make it possible to place the speaker on a table, etc.
- The model PB-720 S/W has an additional swivel bracket and a pull out eyebolt.
- Speaker mounting possible in- and outdoors.
- There is a hidden impedance selector on the back panel with 4 x 100 V and an 1 x 8 ohms position. A built-in high quality 100 V matching transformer, ensures full quality of sound pressure and playback.
- The speakers can be mounted horizontally or vertically. The grille can be taken off.
