

RC-106

Mounting Speaker, 15/6 W, 100 V, white

Description

Description

This newly developed speaker has the easiest and most modern type of fixing available, a "QUICK-TIGHT" clamp. This sets new standards for security and simplicity.

Four screws to mount or demount. Lifting of the grille with a screwdriver is all that is necessary. The installation frame is made of high quality

plastic, the grille of coated steel. The construction is burgle proof and impact resistant.

Features

- Modern, discreet design with a rim height of approx. 2 mm.
- High-quality wide band 5 1/4" chassis with an integrated tweeter.
- The speaker is available impregnated, with a specially prepared chassis and matching transformer.
