

SC-130C

Ceiling Speaker, square, 45/30 W, 100 V, 2-Way-System, white

Description

Description

This speaker has the most modern and easy fitting method, a quick fastening clasp. It sets new standards in security and easiness. Four screws to mount or dismount and lifting off the grille (with a screwdriver) is all that is necessary.

The installation frame is made of high-quality plastic, the grille of coated steel. The construction is burgle proof and impact resistant.

The models SC-110 C and SC-120 C are identical to the model described, on the opposite side.

This model series has a very high-quality 2-way coaxial chassis. A separate tweeter is integrated into the very wide band lined basic membrane. This coaxial speaker case ensures professional sound pressure and sound reproduction. Maximum capacity is 40 W.

Features

- Modern, discreet design with a rim of approx. 2 mm.
- A high-quality wide band 5 1/4" chassis is used with an integrated high tone cone.
