

BPFL75
NEW Olivine V Mount
Battery.

Overview

7.5 Amp hour lithium ion "Olivine" battery

Highlights

* Long-life Olivine battery and quick charger

* Sony's new BP-FL75 battery pack, uses Olivine – Lithium Iron Phosphate – instead of conventional Lithium Ion cathodes. The result is a substantial increase in charge-discharge cycles, compared to previous Sony batteries. The Olivine battery works with Sony's BC-L90 quick charger.
