

LCH-GT1BP

Hard Shell Carrying Case

A full shooting kit for a compact camcorder can include a large number of items and quickly becomes difficult to store and carry with you to your next shoot. The LCH-GT1P is a truly rugged solution that makes it easy to securely transport your equipment. It includes numerous features specifically created to meet the unique needs of professional camcorder users.

The LCH-GT1BP securely and comfortably carries an HDV or DVCAM hand-held camcorder with fitted wide angle conversion lens and shotgun microphone within a protective custom cut foam interior. The case features additional cut-out sections designed to hold two batteries and two spare tapes as well as other

essential accessories, for example, a AC-VQL1BP battery charger, a HVL-LBPA LED camcorder light and a RM-1000BP LANC remote commander.

The LCH-GT1BP is watertight and dust proof ensuring your equipment is protected in the most rugged environments. Added to this the carry case also features stainless steel padlock protectors to prevent against theft and its strong casing means your camcorder will not be damaged in transit.

Integrated rubber wheels and a retractable handle mean that it's easy to transport the LCH-GT1BP and a full set of kit to any location.

Compatible Products

NXCAM & AVCHD Camcorders

NEX-FS100E

Super 35mm Exmor CMOS sensor without lens NXCAM AVCHD camcorder recording full HD / SD

HXR-NX5E

Three 1/3-inch Exmor CMOS sensors NXCAM AVCHD camcorder with GPS recording full HD / SD

HDV Camcorders

HVR-V1E

Three 1/4-inch type 3 ClearVid CMOS sensors HDV camcorder recording HD / SD

HVR-Z7E

1/3-inch type 3 ClearVid CMOS sensor with Exmor technology HDV camcorder with interchangeable lens system recording HD / SD

HVR-Z5E

1/3-inch type 3 ClearVid CMOS sensor HDV camcorder recording HD / SD

DVCAM Camcorders**DSR-PD175P**

Three 1/3-inch Exmor ClearVid CMOS sensors 16:9/4:3 DVCAM camcorder

DSR-PD170P

Ideal for a variety of uses—from videography to broadcast journalism with 1/3" 3CCD & 2.5" LCD screen

XDCAM Camcorders**PMW-EX1R**

Three 1/2-inch type Exmor CMOS sensors XDCAM EX camcorder recording full HD / SD

NXCAM and AVCHD**NEX-FS100E**

Super 35mm Exmor CMOS sensor without lens NXCAM AVCHD camcorder recording full HD / SD

HXR-NX5E

Three 1/3-inch Exmor CMOS sensors NXCAM AVCHD camcorder with GPS recording full HD / SD

HDV Camcorders**HVR-V1E**

Three 1/4-inch type 3 ClearVid CMOS sensors HDV camcorder recording HD / SD

HVR-Z7E

1/3-inch type 3 ClearVid CMOS sensor with Exmor technology HDV camcorder with interchangeable lens system recording HD / SD

HVR-Z5E

1/3-inch type 3 ClearVid CMOS sensor HDV camcorder recording HD / SD

HVR-Z1E

HDV 1/3" 3CCD Handheld Camcorder

XDCAM EX Camcorders**PMW-EX1R**

Three 1/2-inch type Exmor CMOS sensors XDCAM EX camcorder recording full HD / SD
