VCL-HG0737K

High-resolution wide conversion lens

The VCL-HG0737K is a 0.7 x wide conversion lens kit for the Sony HVR-HD1000E camcorder and consists of the lens, large lens hood and protective carry case. The VCL-HG0737K is exclusively designed for use with the Sony HVR-HD1000E and enhances your creative options by widening the field of view for small spaces

and moving camera applications.

The lens hood is quickly and easily attached to the camcorder using a standard bayonet mount giving you extra flexibility to change your shooting style and provides effective protection against halation whilst also enhancing the professional look of the HVR-HD1000E.
