

# VariZoom

## VZ 1 Shooter

The VZ-1Shooter is designed specifically for the popular "prosumer" camcorders which are smaller than traditional shoulder-mount cameras, including the Sony VX-2000, DSR-200, TRV-900; and Canon's GL1 & GL2.

130\$ = 68 Ls + PVN

## VZ ULTRALITE

This extremely lightweight and compact unit is the best option for anyone who needs a handheld stabilizer that is easy to use, inexpensive and highly portable.

300\$ = 160 Ls + PVN

## VZ LSP

The VZ-1Shooter provides adjustable fittings for an endless variety of shooting configurations. Our special aluminum alloy allows you to bend the support into the desired position. Lack of shoulder adjustment is like having a cloth glove 5 sizes too big, it just won't fit!

350\$ = 185 Ls + PVN

## FlowPod

A superbly versatile DV camera stabilizer, the FlowPod can be used as a fluid handheld stabilizer, rock-solid monopod, or gliding low-mode tool. The FlowPod is used and recommended by filmmakers, wedding and event videographers worldwide.

400\$ = 210 Ls + PVN

## DV Traveler

VariZoom's all new DV Traveler compact, shock absorbing support is the solution for lightweight yet extremely solid camera support. The telescoping shoulder arch can extend, retract, and rotate to the videographers perfect position. This unit can also fold flat or completely remove the shoulder arch with no tools for storage or travel.

450\$ = 235 Ls + PVN

## VZ CrossFire FP

Introducing the new CrossFire Series combination Stabilizer and Tripod. Compatible with our DVSportster and Navigator Professional Stabilizer Arms. Handles cameras 1 to 9 pounds.

500\$ = 260 Ls + PVN

## DV Media Rig

VariZoom's new improved DV Media Rig pro support is the most sophisticated shoulder support available for professional MiniDV cameras. Unique features like the swiveling shoulder arch with vertical adjustment and articulating weight balance system allow for perfect balance and comfort. Also included is our rotating accessory mount and extra plush shoulder cushion.

650\$ = 340 Ls + PVN

## DV Sportster

For years now, users of handheld stabilizers have complained of arm and wrist fatigue when operating their handheld for extended periods of time. The DV Sportster eliminates the stress and lets you concentrate on your shot instead of your discomfort. Whether you have an old or new handheld stabilizer, you can safely buy the DV Sportster knowing it will provide both comfort and improved performance.

DV Sportster arm, vest, & case only - 800\$ = 420 Ls + PVN

DV Sportster with VZ Ultralite - 1000\$ = 523 Ls + PVN

DV Sportster with VZ FlowPod - 1250\$ = 655 Ls + PVN

## Zero Gravity Rig

Never before has there been a camera support that offers a problem-solving ergonomic design allowing so much adjustment that it will feel personally tailored to your body. The VariZoom ZG Rig incorporates our new patent-pending design with our proven shock-absorbing system for unmatched quality, control, and comfort. This unit can be yours for less than the cost of static supports with limited mobility and ergonomics.

1200\$ = 630Ls + PVN

## VariZoom USA

### Navigator + FlowPod

The Navigator is our professional, heavy-duty vest/arm upgrade for FlowPod and Glidecam™ handheld units. It will handle the full weight range of either unit effortlessly.

1600 USD = 835 Ls + PVN

### FlowCam GT

Offering tremendous value and flexibility, the GT is a complete professional stabilizer system for cameras 2-16lbs. The lightweight, dynamic single-arm design allows even beginners to learn its operation with ease.

2999 USD = 1 570 Ls + PVN

### ProLite

This dual-arm system for cameras 2-12lbs. provides improved shock-absorption, control, and range of motion. The custom Li-Ion battery system, superior arm dynamics and low price make the ProLite the stabilizer of choice for DV/HDV cameras.

3599 USD = 1880 Ls + PVN

# Tiffen USA

	<p style="text-align: right;"><b>Steadicam Smoothee iPhone</b></p> <p>The Steadicam Smoothee is specifically designed and engineered to work with your Apple® iPhone 3Gs. Based on the same technology as the big \$60,000 rigs used in Hollywood, it allows iPhone 3Gs owners to capture incredible video without the shakes normally associated with hand-held video shot on the go, right out of the box, the very first time.</p> <p>400 USD = 213 Ls +PVN</p>
<p><b>Steadicam Merlin</b></p> <p>The Merlin lets you "fly" wherever the scene takes you--up and down steps, indoors and outside, through crowds--almost anywhere, with precise, elegant control and ease. Its quick release mount lets you instantly swap camera connections between your Merlin and any tripod.</p>	 <p style="text-align: right;">599 Ls</p>
	<p style="text-align: right;"><b>Steadicam Merlin Arm &amp; Vest</b></p> <p>The new Merlin Arm and Vest make extended shooting nearly effortless. Even with heavy cameras – up to seven pounds (3.2kg) with the optional Metal Gimbal – the Merlin can now fly for hours without undue fatigue, and preserve all the flexibility and reach of the operator's own arms.</p> <p>2444 USD = 1280 Ls + PVN</p>
<p><b>Steadicam PILOT</b></p> <p>The PILOT™ with IDX battery system provides the user with a complete system. Through the addition of the users camera and a SteadiSTAND or similar balance stand the unit is ready to use. The IDX E-7S battery is based on the V-Lock mounting system and will provide power for the on board monitor and any optional accessories.</p>	 <p style="text-align: right;">4095 USD = 2141 Ls + PVN</p>
	<p style="text-align: right;"><b>Steadicam Flyer LE</b></p> <p>The FLYER-LE features a newly designed sled assembly (camera mounting platform) that has a robust carbon fiber no-tools extendable post. A safety system inside the post prevents the post from separating. The index system keeps all parts in alignment. A newly patented friction free gimbal assembly with large knurled extended handle fits securely in the operator's hand. Locking mechanisms for the top and bottom of the sled are tool free allowing quick on-set changes.</p> <p>7 995 USD = 4187 Ls + PVN</p>
<p><b>Steadicam Archer</b></p> <p>This lightweight commercial-quality Steadicam has an extensive array of innovative new features to enhance quick set-ups/tear-downs, and 3 standard modes to choose from, is designed to accommodate a wide range of operating needs.</p>	 <p style="text-align: right;">22 100 USD = 11 934 Ls + PVN</p>
