## VT600 Earphone

### VT600 Earphone, straight cable

The VT600 series has been conceived for the inconspicuous listening requirements of newscasters, security professionals, stage performers and other talent requiring discrete cueing. Excellent sound and ease of use are the primary user benefits; there is no need for a custom ear mold or snap fit parts and one size fits all.

The VT600 is equipped with a short bend loop and will interface with any wireless or hardwired receiver for monitoring.

The VT600 comes in a silver metal box with a clip and an additional earpiece.

Ear inserts: As an alternative to the standard earpiece a Flexible Ear Insert for left or right ear (Sizes: small/medium/large) is also available.
