DESCRIPTION

Quick Kit (DSLR, Large) is a quick release, height adjustable cage with 15mm rod support that fits larger DSLR cameras like Canon 1DC, 1DX, 1DX mklI, Nikon D4, D3x, and most cameras with battery grips installed. It attaches by one low profile screw on bottom and shoe pinch on top. The minimalist design gives you mounting points on the top and side while leaving all of the camera's vital controls on the right grip and left side easily viewable and accessible. Fold out LCD screens can be positioned easily and eyepiece can be utilized while cage is attached.

Quick Kit (DSLR, Large) includes a 15mm support bracket that attaches to the quick release dovetail to provide 15mm rods at the proper lens height. Also included is a NATO Handle Kit (Plus, 70mm) that clamps onto the top of the cage for secure camera carrying and quick release functionality.

If rear 15mm rods are desired, **Rod Clamp (15mm LW)** ([Http://woodencamera.corecommerce.com/Blackmagic/Rail-Components-BMC/Rod-Clamp-15mm-LW.html](http://woodencamera.corecommerce.com/Blackmagic/Rail-Components-BMC/Rod-Clamp-15mm-LW.html)) can be attached to back side of the included Quick Dovetail (DSLR, Large).

Download Instruction Guide. ([Https://www17.corecommerce.com/~woodencamera/files/Quick%20Release%20Instructions.pdf](https://www17.corecommerce.com/~woodencamera/files/Quick%20Release%20Instructions.pdf))
