The NATO Handle Kit (Plus, 100mm) is a quick release top handle that attaches and detaches without screws. Includes NATO Handle (Plus) and Safety NATO Rail (100mm) at a reduced package price. To attach to camera, slide onto NATO rail and turn thumbscrew to lock in place. Loosen top knob to adjust grip rotation. Sideways 1.5mm tube clamp allows for attachment of UVF Mount v2 (No Clamp). Forward facing 1.5mm rod opening and 1.9mm rear rod opening for attaching single rods for focus motors, etc. Integrated shoe mount for attaching on camera lights, microphone shock mounts, etc. 1/4-20 and 3/8-16 holes on grip area for attaching additional accessories. 1/4-20 holes on handle front for attaching Rod Clamps which allow for pass through rods front to back.

Safety NATO Rail (100mm), included in kit, attaches to two 1/4-20 screw points spaced up to 72mm apart center to center.

Since NATO Handle (Plus) has integrated 1.5mm clamp mechanism, it goes great with UVF Mount (No Clamp) versions:

UVF Mount (No Clamp) ([Http://akmsw.skkga.servertrust.com/product-p/179900.html](http://akmsw.skkga.servertrust.com/product-p/179900.html))

UVF Mount (F55/F5, No Clamp) ([Http://akmsw.skkga.servertrust.com/product-p/180000.html](http://akmsw.skkga.servertrust.com/product-p/180000.html))

UVF Mount (LCD, No Clamp) ([Http://akmsw.skkga.servertrust.com/product-p/180300.html](http://akmsw.skkga.servertrust.com/product-p/180300.html))

SPECIFICATIONS:

Weight: 251g (0.6 lbs)

Dimensions: 130.7 x 76.7 x 32.6 mm (5.1 x 3.0 x 1.3 in)
