---

Wooden Camera brand V-Mount plate utilizing an IDX V-Mount and Blackmagic URSA Molex connector.

Blackmagic URSA V-Mount works with all models like Pro, EF, PL, B4, etc.

Special Molex connector attaches directly to back of Blackmagic URSA and is covered by the plate eliminating external cabling.

1x D-Tap ports for accessory power. **Please note** that the reason there is only one D-Tap on this plate is because the position of the BNC connectors on the rear of the URSA prevent you from being able to utilize a second D-Tap.

#### **SPECIFICATIONS:**

Weight: 187g (0.4 lbs)

Dimensions: 142.6 x 92.1 x 21.9 mm (5.6 x 3.6 x 0.9 in)
