Universal Offset Bracket attaches by an ARRI style accessory mount, 3/8-16 with locating pins adjacent. It can also attach by using two included 1/4-20 or 3/8-16 screws spaced up to 77mm (3 inches) apart center to center. Provides an ARRI style accessory mount spaced 100mm from the original mounting hole. Works great with **Universal Hot Shoe** (</Product-p/199800.html>) and **Microphone Shock Mount** (</Product-p/199900.html>).
